

# ADVANTAC TECHNOLOGIES

## Alcohol Antiseptic 80% (V/V) Topical Solution

Advantac Hand Sanitizer used directly on your hands will kill up to 99.9% of germs when used properly.

The liquid can be applied without water for an instant & refreshing clean. Liquid alcohol preparations have been shown to reduce bacterial counts on the hands to a significantly greater extent than tested alcohol-based gels (WHO, 2009)\*.

\*World Alliance for Patient Safety. (2009). WHO Guidelines on Hand Hygiene in Health Care. World Health Organization, Geneva.
